The perfect blend of security and style

Your home is your sanctuary, and the C316 security screens are designed to keep it that way. This innovative C316 provides exceptional protection for your family and loved ones without compromising on aesthetics. Let's explore the features that make the C316 the ideal security solution for your home.

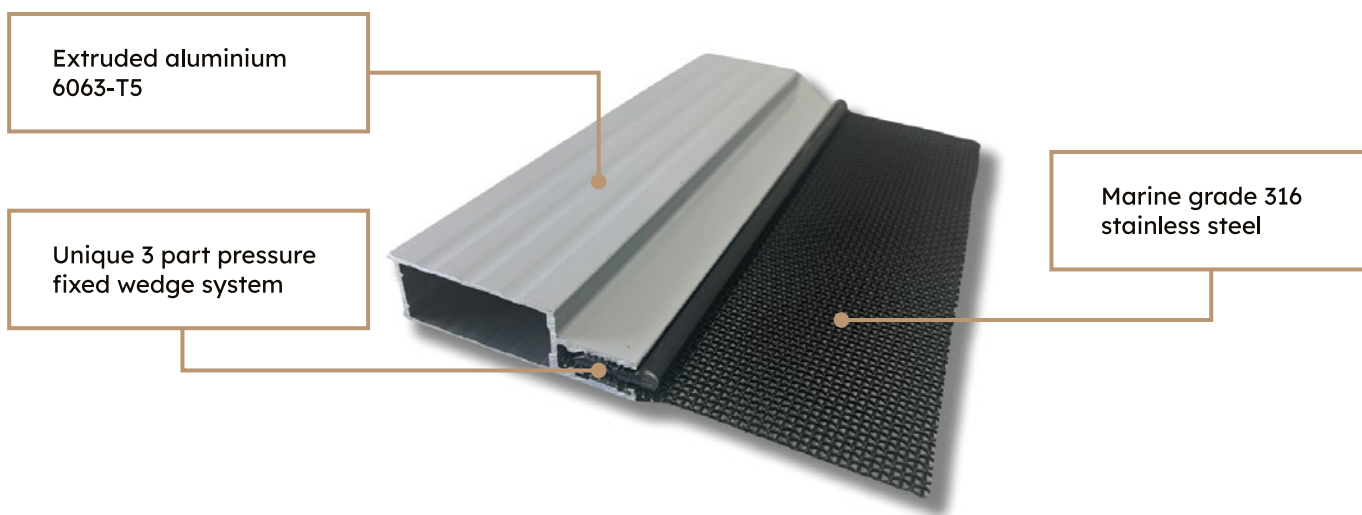

Technical Specifications

Mesh:	Marine Grade 316 Stainless Steel
Wire Diameter:	0.8mm
Wire Count:	11 x 11 Strands per square 25mm
Aperture:	1.44mm

- ✓ **Unmatched strength and durability:** At the heart of the C316 lies a marine grade 316 stainless steel mesh. This high-performance material boasts superior strength and corrosion resistance, making it perfect for harsh Australian conditions. The 0.8mm wire diameter and 11 x 11 strand count per square 25mm ensure the mesh is also an ideal insect screening solution.
- ✓ **Exceeds Australian standards for superior security:** The C316 has been rigorously tested and independently certified to comply with AS5039. This Australian Standard ensures the door effectively resists a range of attacks, including forceful impacts, lock attacks, hinge attacks, and knife attempts.
- ✓ **Innovative design for long-lasting performance:** The C316 goes beyond standard security features. It utilizes a unique 3-part pressure-fixed system that isolates and secures the mesh in place. This innovative design offers several advantages, including superior corrosion resistance and a tight fit for maximized lifespan.
- ✓ **A versatile security solution:** The C316 isn't a one-size-fits-all solution. It's available in a wide range of configurations to suit your specific needs, including hinged doors, sliding doors, awning windows, and even double hung windows. The C316 can even be used as a fall protection screen, making it a truly versatile security solution for your home.
